

NHTSA and FHWA, DOT

Pt. 1235

by appendix A of this part. The restored apportionment will be available to a State, as quickly as possible, upon a determination by NHTSA that the State is in conformance and notification to the FHWA.

§ 1225.10 Apportionment of withheld funds after compliance.

If a State has not met the requirements of 23 U.S.C. 163 and § 1225.4 of this part by October 1, 2007, the funds withheld under § 1225.8 shall begin to lapse and will no longer be available for apportionment to the State, in accordance with appendix A of this part.

§ 1225.11 Notification of compliance.

(a) Beginning with FY 2004, NHTSA and FHWA will notify States of their compliance or noncompliance with the statutory and regulatory requirements of 23 U.S.C. 163 and this part, based on a review of certifications received. States will be required to submit their certifications on or before September 30, to avoid the withholding of funds in a fiscal year.

(b) This notification of compliance will take place through FHWA's normal certification of apportionments process. If the agencies do not receive a certification from a State, by June 15 of any fiscal year, or if the certification does not conform to the requirements of 23 U.S.C. 163 and this part, the agencies will make an initial determination that the State is not in compliance.

§ 1225.12 Procedures affecting States in noncompliance.

(a) Each fiscal year, each State determined to be in noncompliance with 23 U.S.C. 163 and this part, based on NHTSA and FHWA's preliminary review of its certification, will be advised of the amount of funds expected to be withheld under § 1225.8 from apportionment, as part of the advance notice of apportionments required under 23 U.S.C. 104(e), which is ordinarily issued on July 1 of each fiscal year.

(b) If NHTSA and FHWA determine that any State is not in compliance with 23 U.S.C. 163 and this part, based on the agencies' preliminary review, the State may submit documentation showing why it is in compliance.

States will have until September 30 to rebut the initial determination or to come into compliance with 23 U.S.C. and this part. Documentation shall be submitted through NHTSA's Regional Administrators, who will refer the requests to appropriate NHTSA and FHWA offices for review.

(c) Each fiscal year, each State determined not to be in compliance with 23 U.S.C. 163 and this part, based on NHTSA's and FHWA's final determination, will receive notice of the funds being withheld under § 1225.8 from apportionment, as part of the certification of apportionments required under 23 U.S.C. 104(e), which normally occurs on October 1 of each fiscal year.

§ 1235.1

SOURCE: 56 FR 10329, Mar. 11, 1991, unless otherwise noted.

§ 1235.1 Purpose.

The purpose of this part is to provide guidelines to States for the establishment of a uniform system for handicapped parking for persons with disabilities to enhance access and the safety of persons with disabilities which limit or impair the ability to walk.

§ 1235.2 Definitions.

Terms used in this part are defined as follows:

(a) *International Symbol of Access* means the symbol adopted by Rehabilitation International in 1969 at its Eleventh World Congress on Rehabilitation of the Disabled.

(b) *Persons with disabilities which limit or impair the ability to walk* means persons who, as determined by a licensed physician:

(1) Cannot walk two hundred feet without stopping to rest; or

(2) Cannot walk without the use of, or assistance from, a brace, cane, crutch, another person, prosthetic device, wheelchair, or other assistive device; or

(3) Are restricted by lung disease to such an extent that the person's forced (respiratory) expiratory volume for one second, when measured by spirometry, is less than one liter, or the arterial oxygen tension is less than sixty mm/hg on room air at rest; or

(4) Use portable oxygen; or

(5) Have a cardiac condition to the extent that the person's functional limitations are classified in severity as Class III or Class IV according to standards set by the American Heart Association; or

(6) Are severely limited in their ability to walk due to an arthritic, neurological, or orthopedic condition.

(c) *Special license plate* means a license plate that displays the International Symbol of Access:

(1) In a color that contrasts to the background, and

(2) In the same size as the letters and/or numbers on the plate.

(d) *Removable windshield placard* means a two-sided, hanger-style placard which includes on each side:

23 CFR Ch. II (4–1–08 Edition)

(1) The International Symbol of Access, which is at least three inches in height, centered on the placard, and is white on a blue shield;

(2) An identification number;

(3) A date of expiration; and

(4) The seal or other identification of the issuing authority.

(e) *Temporary removable windshield placard* means a two-sided, hanger-style placard which includes on each side:

(1) The International Symbol of Access, which is at least three inches in height, centered on the placard, and is white on a red shield;

(2) An identification number;

(3) A date of expiration; and

(4) The seal or other identification of the issuing authority.

§ 1235.3 Special license plates.

(a) Upon application of a person with a disability which limits or impairs the ability to walk, each State shall issue special license plates for the vehicle which is registered in the applicant's name. The initial application shall be accompanied by the certification of a licensed physician that the applicant meets the § 1235.2(b) definition of persons with disabilities which limit or impair the ability to walk. The issuance of a special license plate shall not preclude the issuance of a removable windshield placard.

(b) Upon application of an organization, each State shall issue special license plates for the vehicle registered in the applicant's name if the vehicle is primarily used to transport persons with disabilities which limit or impair the ability to walk. The application shall include a certification by the applicant, under criteria to be determined by the State, that the vehicle is primarily used to transport persons with disabilities which limit or impair the ability to walk.

(c) The fee for the issuance of a special license plate shall not exceed the fee charged for a similar license plate for the same class vehicle.

§ 1235.4 Removable windshield placards.

(a) The State system shall provide for the issuance and periodic renewal of a removable windshield placard, upon

the application of a person with a disability which limits or impairs the ability to walk. The State system shall require that the issuing authority shall, upon request, issue one additional placard to applicants who do not have special license plates.

(b) The initial application shall be accompanied by the certification of a licensed physician that the applicant meets the §1235.2(b) definition of persons with disabilities which limit or impair the ability to walk.

(c) The State system shall require that the removable windshield placard is displayed in such a manner that it may be viewed from the front and rear of the vehicle by hanging it from the front windshield rearview mirror of a vehicle utilizing a parking space reserved for persons with disabilities. When there is no rearview mirror, the placard shall be displayed on the dashboard.

§ 1235.5 Temporary removable windshield placards.

(a) The State system shall provide for the issuance of a temporary removable windshield placard, upon the application of a person with a disability which limits or impairs the ability to walk. The State system shall require that the issuing authority issue, upon request, one additional temporary removable windshield placard to applicants.

(b) The State system shall require that the application shall be accompanied by the certification of a licensed physician that the applicant meets the §1235.2(b) definition of persons with disabilities which limit or impair the ability to walk. The certification shall also include the period of time that the physician determines the applicant will have the disability, not to exceed six months.

(c) The State system shall require that the temporary removable windshield placard is displayed in such a manner that it may be viewed from the front and rear of the vehicle by hanging it from the front windshield rearview mirror of a vehicle utilizing a parking space reserved for persons with disabilities. When there is no rearview mirror, the placard shall be displayed on the dashboard.

(d) The State system shall require that the temporary removable windshield placard shall be valid for a period of time for which the physician has determined that the applicant will have the disability, not to exceed six months from the date of issuance.

§ 1235.6 Parking.

Special license plates, removable windshield placards, or temporary removable windshield placards displaying the International Symbol of Access shall be the only recognized means of identifying vehicles permitted to utilize parking spaces reserved for persons with disabilities which limit or impair the ability to walk.

§ 1235.7 Parking space design, construction, and designation.

(a) Each State shall establish design, construction, and designation standards for parking spaces reserved for persons with disabilities, under criteria to be determined by the State. These standards shall:

(1) Ensure that parking spaces are accessible to, and usable by, persons with disabilities which limit or impair the ability to walk;

(2) Ensure the safety of persons with disabilities which limit or impair the ability to walk who use these spaces and their accompanying accessible routes; and

(3) Ensure uniform sign standards which comply with those prescribed by the "Manual on Uniform Traffic Control Devices for Streets and Highways" (23 CFR part 655, subpart F) to designate parking spaces reserved for persons with disabilities which limit or impair the ability to walk.

(b) The design, construction, and alteration of parking spaces reserved for persons with disabilities for which Federal funds participate must meet the Uniform Federal Accessibility Standards.

§ 1235.8 Reciprocity.

The State system shall recognize removable windshield placards, temporary removable windshield placards and special license plates which have been issued by issuing authorities of other States and countries, for the purpose of identifying vehicles permitted

§ 1235.8

23 CFR Ch. II (4–1–08 Edition)

to utilize parking spaces reserved for persons with disabilities which limit or impair the ability to walk.
